Dear BLM,

Please accept this letter (email) as a comment *against* opening up the Arctic Wildlife Refuge (ANWR) to oil and gas development. This land is one of the last undeveloped places on earth, worth \$millions more in the long term than the oil that lies beneath. I urge you to hold up and protect the Refuge as established by Congress in 1960, as a protected resource for the wildlife and indigenous peoples who call that place home.

Best,
