Coastal Plain Oil + Gas Leasing
Program EIS

222 West 7th AVE, STOP #13
Anchorage, AK

99513

There are no justifiable reasons
to Drill in ANWR. The Gas + oil Industries
have massive surplus of oil + gas leases
and permits. There is a glut of supply
and makes no sense to drill. The Fish +
Wildlife Service concluded that drilling
in ANWR would cause irrevocable
damage. Millions of comments have been
made against drilling. Do NOT Trade
AWAY our last wild place in order to
satisfy the political gimmick going on.

Sincerely,

Teresa Dix
3124 DAKOTA DR.
