Comments:

The vast majority of Alaskans strongly support the development of the W-OZ area. We are tired of ill-informed environmental groups spewing misinformation about ANWR.

As someone who had worked on the North Slope, I know firsthand the extreme measures the oil companies take to protect the environment. I have also witnessed thousands of caribou taking shelter from the sun on summer days directly beneath the main pipeline.

We real Alaskans depend on the revenue oil provides us. We also love our state and want ANWR developed responsibly.

Use common sense! Let us go after our resources as guaranteed by our State Constitution.
