Re: drilling in the Arctic National Wildlife Refuge

I understand from former Secretary of the Interior
Sally Jewell's editorial in the Seattle Times
on June 3, 2018 that the Bureau Land
Management is accepting public comment on
this matter until June 19, 2018.

Please accept my comment as a registered
voter and American citizen:

I object to any drilling in the Arctic
National Refuge for oil and gas. I
also object to the granting of any leases
for such activity. Please preserve and protect
this pristine area.
