

Dean M^B Hayes

My Name is Sean McGuire and I'm writing today to speak up about my opposition to any and all oil & gas development on the coastal plain of the Arctic National Wildlife Refuge

The Nation should be moving away from fossil fuels and towards renewable energy.

The Gwich'in people who depend on the Caribou that migrate to their historic birthing grounds that are smacked dab where oil drilling is slated to be developed. So please slow this process down and avoid this damage. Thank you
