Dear Bureau of Land Management,

Hi, my name is Amy Osborne and I'm a California resident of California and a lover and user of outdoor spaces and places.

I am concerned about the livelihood and life of the Gwich'in people, as well as, concerned about the impact on the Caribou and other animals that call the coastal plain of Alaska home if this space is opened up to drilling. I stand with the Gwich'in people!

I urge you to protect the coastal plain from drilling at all costs. ♡

Sincerely,

Amy Osborne
