BLM ALASKA FIELD  
MAILROOM AK-954

From: Tom Petersen 981720  
NAME

Dear BLM Executive EN 31

Drilling in the Arctic  
Refuge defeats the purpose  
of the refuge. It would  
also be a corrupt give-  
away to private industry.  
It would also jeopardize  
America's future by pro-  
longing our dependence  
on fossil fuels instead of  
encouraging renewable sources.
