Comments:

I am against opening the Arctic NWR coastal plain to oil + gas exploration + extraction. The BLM's 1st priority is to the land + animals. Not much use or people needs or economic needs of AK. We have enough oil + gas. The world is switching to renewable energy - leave the land of NWR + the coastal plain intact. Mother Nature needs this win.

No oil + gas from the Arctic NWR!

The land + it's natural beauty has value there are many other areas available for oil + gas - leave this small area ALONE.
