

Dear Secretary Zinke and President Trump:

I strongly oppose your efforts to open the Arctic National Wildlife Refuge to oil drilling and call on you to reverse course immediately. We can't let this pristine public land be destroyed just for the sake of fossil fuel industry profits.

One of the last completely unspoiled wild places on earth, the Arctic Refuge is irreplaceable. It's home to most of America's denning sites for pregnant polar bears, the birthing ground for the Porcupine caribou herd, and vital to the culture and survival of the Gwich'in people.

Please protect our communities, our natural heritage, and our clean energy future. Halt your plans to hand over the Arctic National Wildlife Refuge to Big Oil.

Thank you.
