Defend the Arctic National Wildlife Refuge From Oil & Gas!

Dear Secretary Ryan Zinke,

ANWR is a wildlife refuge, NOT an oil and gas field. Hunting in this region also supports the Native Gwich'in people in the area, and has done so for thousands of years. Oil and gas drilling on the Coastal Plain would have devastating impacts on this treasured public land, on its wildlife and on the human rights of the Indigenous people on that land.

The environmental impacts from oil and gas will extend well beyond the footprint of any new development.

Drilling on the Coastal Plain of ANWR would be straight up immoral. The Department of the Interior needs to consider all the impacts of oil and gas drilling and to reject any and all related proposals.

It's your duty to REJECT any and all harmful oil and gas proposals for the Coastal Plain of the Arctic.

Signed,
