To Whom It May Concern:

I wanted to express my firm opposition to drilling in the Artic National Wildlife Refuge. Several reliable sources have indicated that there is no oil shortage and that the amount of revenue generated by drilling would be small, yet cause irreparable harm.

As a citizen, I view this refuge as MY land, not to be sold to profit a few people. In my opinion, this is theft, clear and simple.

We cannot give away the birthright of future generations for a small amount of return.

Thank you.

Sincerely,

Geraldine Chambers
