To Whom It May Concern:

I am submitting my comment against oil and gas activities on the Coastal Plain of the Arctic Refuge. This is the single most destructive attack on the wilderness, wildlife, and subsistence resources of a national wildlife refuge in modern history.

The Administration is putting politics above protection of one of our most treasured public lands. Rushing into leasing is not what the Refuge deserves or what the law requires. The administration needs to comply with all the important legal protections that are in place to protect caribou, water, subsistence, and other sensitive resources of the Coastal Plain.

Sincerely,
Emily Chenoweth
