I know that the Arctic National Wildlife Refuge is one of the greatest truly wild places left on Earth. It is home to some of the most diverse and magnificent wildlife in Alaska: Polar bears, wolves, musk oxen and vast herds of caribou.

This is why I am deeply opposed to the oil and gas industry being allowed to diminish its amazing landscapes and pollute its pristine air and water.

Before anything at all is decided, the environmental impacts from all stages of oil and gas development, including seismic activities, leasing, exploration drilling and development must be fully considered.

I am asking the Department of the Interior to uphold all protections for the Arctic National Wildlife Refuge.

Thank you for taking the time to read my letter!
