To Whom It May Concern,

Please, please do not allow drilling for oil in the Arctic National Wildlife Refuge. There is no justifiable reason to endanger one of the last truly wild places in America. The Wildlife Refuge is a National treasure and should be protected at all costs. We do not need the oil - it will only make a few people extremely rich and the rest of us will get nothing but a spoiled wilderness area and the hastening extinction of native animal and plant species. Please do the right thing and stop this madness.

Sincerely,
Sharon Burke
