Re: Comments on the Notice of Intent to Prepare an Environmental Impact Statement for the Coastal Plain Oil and Gas Leasing Program, Alaska

Dear Ms. Hayes:

I am a vuntut gwitchin citizen who have lived off the land it has been passed on for generations to come tradition, Culture, living off the land and most of all our porcupine caribou herd it is the whole meaning of our name and culture if we did not have this we would have no meaning to our nation. It also scares me because without our caribou I think our nation, culture and most of all the people would not survive. So please find it in your heart to protect our caribou do not take away our way of life. One day I would want my children to see my culture, live off the land - because this is my life and we always pass on from generation to generation.

Sincerely,

Erila Josie
