Please **DO NOT** open the Arctic National Wildlife Refuge to drilling. The Arctic National Wildlife Refuge is home to more than 200 species of birds, along with polar bears, wolves, and nearly 200,000 caribou that raise their young in the refuge. Using the budget process to open the refuge bypasses the usual legislative steps denies citizens a meaningful voice in this decision. I strongly oppose this plan. Please prevent drilling in the Arctic Refuge and protect it for the future.

Thank you,

Bob Croslin
