Please leave the Arctic National Wildlife Refuge alone! There are other places, other options. Drilling in the Arctic Refuge would irreversibly damage a beautiful part of the planet without creating any sort of sufficient oil supply. Like Senator [John McCain](#) said, "As far as ANWR is concerned, I don't want to drill in the [Grand Canyon](#), and I don't want to drill in the [Everglades](#). This is one of the most pristine and beautiful parts of the world."

We must take care of nature and the animals or we will have no beauty to enjoy.

STOP THE MADNESS!!!

Sincerely,

Mandy Dawson
