To Whom it May Concern,

Please do not proceed with efforts to sell off our public lands in the Arctic. This is an area with natural resources in animals and birds that can never be replaced. There are many indications that the monetary value will not be close to projections by supporters. At any monetary or political gain this is not worth the cost to all of us. Please, no short-sighted sell off of this area.

Sherrill Elliott

98040
