Re: Alaska National Wildlife Refuge.

Hello,

I'm writing to express my opposition to the proposed drilling in the Alaska National Wildlife Refuge. We are not in an oil crisis in the US and have enough options in the lower 48 states. Current leases are going unused - or are underused. The negative impacts of drilling in that area are too high for a resource that's being met in other areas. We, instead, need to protect one of our last truly wild places on earth.

Thank you,
