**KEEP the ANWR free of oil development!! This is one of the last unspoiled area in the US and deserves to be protected!!**

I have visited many beautiful areas of Alaska and believe that our future is best served by protecting these areas, not by exploiting them for the benefit of huge corporations.

**It is impossible to measure the importance of protecting the area's Porcupine Caribou and the native people who depend on them. It cannot be measured in petrodollars!!**
