Bureau of Land Management:

I am writing regarding selling off this Artic Refuge for oil and gas drilling.

I am also writing to demand that as a responsible government agency that you PROTECT the Artic National Wildlife Refuge.

I am a concerned citizen and I know if drilling is allowed, this will hurt the wildlife and increase our earth's carbon emissions which will negatively effect our environment.

The BLM has a duty and obligation to protect our air, land and water from pollution.

I am opposing any selling off of these lands for oil and gas drilling and I demand that the BLM protect this land for future generations.
