We fully support the proposed oil and gas lease program on the coastal plain of the north slope in the ANWR region. I was born on the north slope in 1957 and my wife Debbie and I have raised our family here in Fairbanks for 40 years. We have 40 members of our family living here in Alaska. We are a local business owners and have owned and operated several businesses in the interior over the years. Responsible development and use of our natural resources is our gift and our responsibility. I think we have done well and will continue to do so.
