Dear BLM:

I support the 'No Action' alternative, which doesn't allow oil and gas development on the Arctic Refuge Coastal Plain. This is the only alternative that treats the Arctic Refuge as a Refuge, and not an oil field. It's the only choice for keeping our public lands legacy strong. BLM must consider the importance of the subsistence and conservation values that have been protected in the Arctic Refuge for decades.

The refuge was set aside for wildlife not oil!  
It is a magical place and should be  
preserved as it is for future generations.  
True wild places in this world are rare and  
far more precious than oil. Hiking through  
there was one of the best experiences of my  
life -- we saw wolverine, caribou, wolves, bears  
Please protect this place!

Sincerely,
