

The Arctic National Wildlife Refuge in Northern Alaska is home to polar bears and the Porcupine Caribou Herd. Hunting in the region has supported the indigenous Gwich'in people for thousands of years. An oil and gas lease sale put forth by the Department of the Interior is now threatening the Refuge's coastal plain.

Tell Interior Secretary Ryan Zinke to stop the lease sale in the Arctic Refuge.

Comment: Please reconsider the oil & gas lease sale. This region is vital not only to the habitat & wildlife in the region but the indigenous people who call it home. The oil exploration is not worth the risk here.
