### Comments:

I'm an elected member of the Fairbanks North Star Borough. We considered an ~~advisory~~ resolution 2019-02, which addressed a 90/10 per Centum provision regarding oil and gas revenues provided in section 28(A) of the Alaska Statehood Compact. This included, but not limited to lands designated in section 1002 of the Alaska National Interest Lands Conservation Act within the coastal plain of the North Slope. The majority of our public comments and our emails to the borough all opposed this because the residents are opposed to drilling in the Coastal Plain of the North Slope. The resolution passed but I voted against, because like the majority of Fairbanks residents I oppose drilling in the Coastal Plain of the North Slope.
