Dear BLM:

I support the 'No Action' alternative, which doesn't allow oil and gas development on the Arctic Refuge Coastal Plain. This is the only alternative that treats the Arctic Refuge as a Refuge, and not an oil field. It's the only choice for keeping our public lands legacy strong. BLM must consider the importance of the subsistence and conservation values that have been protected in the Arctic Refuge for decades.

Growing up in Alaska in a small house we built & homesteaded, I know the importance of economic development & productivity. But I also know from hunting during my life the value of conservation & protection, including protecting natural environments for the future. The Arctic Refuge is one such place that should be protected and not developed. I urge you to listen to the thousands of Alaskans, including my family, neighbors & friends, who support the No Action alternative.

Sincerely,

Diana Redwood
