I strongly support the proposed leasing program that would allow limited activity within the non-Wilderness portion of the coastal plain of ANWR.

Under the three development alternatives, the footprint of production and support facilities will be limited to no more than 2,000 surface acres of the 1.6 million-acre 1002 Area, which is the non-Wilderness portion of the refuge's coastal plain. That is equivalent to just 0.01 percent of ANWR's 19.3 million-acres.

Sincerely,
