COMMENTS ON COASTAL PLAINS OIL + GAS LEASING PROGRAM

Dear Sirs or Madam,

Please do not open the
Coastal plains to oil drilling.
This area is designated Wilderness
or is recommended as such by
Fish + Wildlife Service.

The drilling will destroy
this wild life region. The
Caribou as well as indigenous
populations will suffer. The
water quality would be endangered.
These companies that receive
leases will not be able to repair
damage - so we must not do
this at all. The DEIS fails
to fulfill the National Environmental
Policy Act.

Sincerely
Julia Omanston
