March 8, 2019

I am very concerned about gas and oil drilling in the designated wilderness lands of the Arctic Refuge. These lands need to be left unspoiled by mankind. These lands should be left for the wildlife.

You need to consider the damage to the land and water due to the drilling and spillage.

You need to consider the damage to our climate due to the release of more CO_2 and methane.

Please let this land remain wild. We have so little of it left.

Thank you
Jeanie Scott
