I am submitting my comments in favor of Lease Sales in the 1002 Area of ANWR. This has been something the State has been working towards for many years.

We have proven over and over that responsible drilling can be done and that the wildlife and areas are in fine shape.

This will insure America's Energy Security for years to come. We need Alaska to re-open for business after years of just the opposite.

Alaskans overwhelmingly support drilling in ANWR. Let's get moving!!!!!!

Cathy Duxbury
Alaska Resident - that is important I am tired of the greenies from Seattle telling us what to do.
