COASTAL OIL & GAS LEASING PROGRAM ELS
222 WEST 7TH AVE, STOP #13
ANCHORAGE, AK

3/7/2019

To the Coastal Plain Oil and Gas Leasing Program:

The Arctic National Wildlife Refuge should not be opened up to drilling.

The wilderness should be left to the animals and habitat, that have evolved over thousands of years.

We do not need additional oil sources.

Sincerely,

Kendra J. Hicks
