Comments:

I hereby express my deepest opposition to mineral/energy drilling in the Arctic National Wildlife Refuge. The BLM's draft Environmental Impact Statement falls far short in providing an accurate assessment of the negative impacts oil and gas drilling will have on resident wildlife. I speak for the wolves, the Arctic Foxes, the Caribou and the Polar Bears. Oil and gas drilling will destroy precious and environmentally sensitive habitat. Please act to protect and preserve ANWR for the wild creatures who depend upon unspoiled wilderness for their survival.
