

The ANWR is
here and was
created specifically
for "conserve(ing)"
animals and plants
in their natural diversity.
Protect water quality
and quantity and
full fill intr'n'l wildlife
treaty obligations.

Stamp
Here

ANWR is

one of the last truly
wild-places in America.
Even the most modest
development would
damage the
ecosystem.

I oppose drilling in ANWR
Jeff Stephenson, Apr 10, CA
