

The Arctic National Wildlife Refuge in Northern Alaska is home to polar bears and the Porcupine Caribou Herd. Hunting in the region has supported the indigenous Gwich'in people for thousands of years. An oil and gas lease sale put forth by the Department of the Interior is now threatening the Refuge's coastal plain.

Tell Interior Secretary Ryan Zinke to stop the lease sale in the Arctic Refuge.

Comment: Ryan Zinke, you as others politicians as well are destroying our Environment by allowing the wrong things and taking advantage for your own pocket, people whom appreciate our Planet are not very pleased with you, Stop the lease sale in the Arctic Refuge, you don't own this place, we people, we do.
