Dear BLM:

I support the 'No Action' alternative, which doesn't allow oil and gas development on the Arctic Refuge Coastal Plain. This is the only alternative that treats the Arctic Refuge as a Refuge, and not an oil field. It's the only choice for keeping our public lands legacy strong. BLM must consider the importance of the subsistence and conservation values that have been protected in the Arctic Refuge for decades.

This land belongs to the people and should be protected and not used for greed! Oil is not a necessity at this point in time, however, this critical wildlife habitat is for the thousands of animals that call it home along with the people who rely on them. Please consider the planet.

Sincerely,
