Dear BLM:

I support the 'No Action' alternative, which doesn't allow oil and gas development on the Arctic Refuge Coastal Plain. This is the only alternative that treats the Arctic Refuge as a Refuge, and not an oil field. It's the only choice for keeping our public lands legacy strong. BLM must consider the importance of the subsistence and conservation values that have been protected in the Arctic Refuge for decades.

There is no good reason to alter so much land that has remain unchanged for centuries before humans. As an American and an Alaskan, it is my duty to voice this importance. Our natural lands is what sets the U.S. apart from much of the world. Please support this cause. Thank you.

Sincerely,
