The Alaska Oil and Gas industry has proven over the last 40 years that it can develop an oil and gas field in an environmentally responsible manner. Over the last 35 years my family has lived in Alaska and worked in support of the oil and gas industry or directly for the oil and gas companies that responsibly develop the vast resources in Alaska. My family stands with the people of Kaktovik who are living in the Coastal Plain, we all want responsible oil and gas development for the future of the people who call this great state home.

Join me in supporting opening ANWR.

Robert McDaniel
