Dear BLM:

I support the 'No Action' alternative, which doesn't allow oil and gas development on the Arctic Refuge Coastal Plain. This is the only alternative that treats the Arctic Refuge as a Refuge, and not an oil field. It's the only choice for keeping our public lands legacy strong. BLM must consider the importance of the subsistence and conservation values that have been protected in the Arctic Refuge for decades.

Alaska has both the blessing and the
curse of being home to some of the
very last intact wild landscapes in the world.
Blessing, as these places are amazing wonders
and refuges for plants, animals, and people in times to come.
Burden, as it is our heavy duty to care to protect it,
even at high cost. This is our responsibility to
the world, to humanity, and the large universe. Caring for +
protecting this land is our responsibility, as Alaskans
and Americans. We already have plenty of oil.

Sincerely,
