### Comments:

I Do not support the opening of ANWR to oil and gas development in any form. Opening of this land is short sighted and does not take into account ~~of~~ the longterm effects to these wildland. I hunt and fish the wildlife refuge and am very concerned the effects of creating an oil field would have on the wild life and wild character of the land.

In summary I do not support opening ANWR to oil and gas development in any form. To do so we will be robbing future generations of the opportunity to enjoy this fantastic land.
