Coastal Plain Oil and Gas Leasing Program EIS
222 West 7th Avenue, Stop #13
Anchorage, Alaska 99513

To Whom It May Concern,

I write to firmly oppose the coastal plain oil and gas leasing EIS, as well as seismic and drilling exploration, development, and transporting oil and gas to and from the coastal plain, in the Arctic National Wildlife Refuge.

The environmental impacts of this plan would be disastrous. The Arctic National Wildlife Refuge is a pristine, beautiful land populated with many species of animals. Allowing trucks, support vehicles, heavy machinery, and lodging would damage the refuge, which is home to polar bears, caribou, and birds. Please don't trade this refuge for the possibility of oil. It is too vital and important, and home to too many species that would be harmed irreparably, to allow this devastation to occur.

Sincerely,

Anne Bridgman
