Ms. Nichole Hayes, Project Manager
Coastal Plain Oil and Gas Leasing Program EIS

I strongly support the proposed leasing program that would allow limited activity within the non-Wilderness portion of the coastal plain of ANWR.

Alaska's economic lifeline, the Trans-Alaska Pipeline System (TAPS), is now running at one quarter capacity. New oil production from the coastal plain has the potential to sharply increase throughput in TAPS, a vital component of American energy infrastructure.

Sincerely,
