Dear Acting Secretary Bernhardt,  
Re: Coastal Plain EIS

Please include this letter in the  
Comments on the Draft EIS for the  
Coastal Plain (ANWR) Oil and Gas  
Leasing Program.

Please DO NOT proceed to open the  
100.2 area of the Arctic National  
Wildlife Refuge for oil and gas  
development.

Clearly, there is no critical  
need for more oil or gas in the U.S.  
and the environmental damage—

including accelerated global warming - as well as the impact to carbon, polar bear and bird habitat caused by the 'massive infrastructure' needed to locate, extract and transport the oil is deplorable.

Sincerely,

Nancy Cable
