

Dear BLM,

Hi there!

I am a young person
and concerned citizen.

Please protect the Arctic
National Wildlife Refuge!

I strongly oppose any
oil and gas leasing program.

Nearly all of the refuge is
designated wilderness by the
U.S. FWS. It's a precious place.

Instead, let's support
investing in renewable energy.

This benefits our economy,
creates stable jobs, and
ensures that our ecosystems
remain pristine.

Thanks for
protecting ANWR!
Sincerely, Alice M. Cole
