Dear BLM:

I support the 'No Action' alternative, which doesn't allow oil and gas development on the Arctic Refuge Coastal Plain. This is the only alternative that treats the Arctic Refuge as a Refuge, and not an oil field. It's the only choice for keeping our public lands legacy strong. BLM must consider the importance of the subsistence and conservation values that have been protected in the Arctic Refuge for decades.

I lived in LA my whole life and coming to Alaska was a breath of fresh air. You don't realize how constricting miles of pavement are until you see wide open tundra. We need economic development, but we also need balance! Please leave the arctic refuge alone; we need it. It's part of our collective soul.

Sincerely,
