Public Disclosure. Before including your address, e-mail address, or other personal identifying information in your comment, please be advised that your entire comment, including your personal identifying information, may be made publicly available at any time. While you may request that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments:

The degree to which this meeting went off of the rails is indicative of the pitfalls of the culturally indifferent approach of the established process. Without a culturally sensitive and nuanced approach - particularly and especially with a historically marginalized subgroup who will be directly impacted - no meeting of the minds or honest discussion of alternatives is possible.

The process may be compliant with the law, but it is not functional as it is being executed.

And a flawed process yields a flawed product.
