RECEIPT # _____

We are writing to ask you to stop the proposed lease sale of lands near Chaco Canyon slated for June 2019.

Fossil fuel exploration on these sites is a threat to the people who live on the surrounding land and to Chaco Canyon, New Mexico's crown jewel and the ancestral home of Native Americans of the Southwest.

Protection from oil and gas activity around Chaco Canyon is essential to protecting New Mexico's unique history, environment and vital resources. Instead of continuing to develop fossil fuels on our public lands, we need to make a just transition to renewable energy to create ways to engage in environmentally sustainable, as well as culturally appropriate, economic development.

We ask you to cancel the lease sale of parcels: NM-201906-012-24; 26-46; 48-51 and NM-201906-025 & 47 to protect Chaco Canyon and the Greater Chaco Region from oil and gas activities that could destroy this designated World Heritage Site, a landmark like no other on Earth.

Attached: 11,962 requests for your attention to this matter.
